Admission/visitor registration during the corona pandemic

	No	Yes
1. Have you had a proven COVID-19 illness during the last 2 weeks or was there a suspicion which has not been refuted (no documented presence of two negative smears)?	☐	☐
2. Have you had unprotected contact with a person infected with the coronavirus during the past 2 weeks?	☐	☐
3. Have you had at least one of the following symptoms during the past 2 weeks: fever, dry cough, impaired taste or smell?	☐	☐
4. Has a corona test (rapid or PCR test) which has been carried out on you turned out positive during the last 2 weeks?	☐	☐

If you are able to answer all these questions with No, then your access to the building will be allowed. The following conditions apply:

- **A maximum of one visitor per patient in inpatient treatment** is allowed **per day**. Patients in outpatient treatment who require assistance may be accompanied by one person at most. Please note that regular visits to the COVID wards are not possible!
- **All visitors and external persons** must always wear an **FFP2 mask brought by themselves** and/or a mask having a similar standard (for example N95, KN95). **In addition, visitors must show a negative Corona virus test**. A test result brought with you must not be older than 48 hours at the date of your visit. Persons accompanying you or external persons (like for example emergency services, service providers, etc.) are excluded from the test duty.
- Your **body temperature** may not be higher than 37.5 °C at the time of the visit.
- **Hygienic hand disinfection** must be conducted upon entering and leaving the building, as well as before and after contact with the patient.
- Follow the **mandatory distance rules** (1.5 m) – especially from other patients and staff.
- **Avoid physical contact wherever possible** (handshakes, hugs, etc.).

In order to be able to trace SARS-CoV-2 virus (“corona virus”) infection chains, we will need your contact information. Please fill out the boxes completely in print letters.

First and last names

Contact address (street, house number, postal code, town/city)

Telephone number for contact

Start of visit o’clock

Patient’s first and last names

End of visit (planned) o’clock
