Admission/visitor registration during the corona pandemic

	No	Yes
1. Are you currently subject to quarantine rules in connection with coronavirus? • Have you had a confirmed COVID-19 infection within the past 2 weeks or was there an unproven suspicion (no documented presence of two negative swabs)? • Have you been in unprotected contact with a person infected with coronavirus within the past 2 weeks?	☐	☐
2. Do you currently have or have you had at least one of the following symptoms over the past 2 weeks: shortness of breath, new onset of coughing, fever, loss of smell or taste?	☐	☐

Provided your answer to all the questions is negative, you may enter the building. This is subject to the following conditions:

- **Per day no more than one visitor per inpatient for one hour is permitted.** Patients in outpatient treatment in need of assistance may be accompanied by no more than one person. Please note that regular visits to the COVID wards are not possible!
  Fully vaccinated visitors or visitors who have recovered from COVID do not fall under the visitor number limit.
- **Visitors and external persons must at all times wear an FFP2 mask** or a mask with a comparable standard (e.g. N95, KN95) that they have brought with them. In addition: If the official incidence level is 1 (seven-day incidence rate of maximum 10) in the administrative district, the obligation to wear a FFP2 is waived. It is then sufficient to wear a medical nose and mouth mask (exemption: wards with particularly vulnerable patients).
- Your **body temperature** may not be higher than 37.5 °C at the time of the visit.
- **Hygienic hand disinfection** must be conducted upon entering and leaving the building, as well as before and after contact with the patient.
- Comply with the **required social distancing rules** (1.5 m) – in particular vis-à-vis third-party patients and members of staff.
- **Avoid physical contact wherever possible** (handshakes, hugs, etc.).

In order to trace SARS-CoV-2 virus ("corona virus") infection chains, we need your contact information. Please fill out the boxes completely in capital letters.

First and last names

Contact address (street, house number, postal code, town/city)

Telephone number for contact

Start of visit ____ ____ **o'clock**

Patient's first and last names

End of visit (planned) ____ ____ **o'clock**

Precondition for access* (to be completed only by visitors): ☐ **Fully immunized** ☐ **Current, negative test**
*If the official incidence level in the administrative district is 1, there is no obligation to show a negative test during visits to the clinics.

place ☐ Böblingen ☐ Calw ☐ Herrenberg ☐ Leonberg ☐ Nagold ☐ Sindelfingen
